Rockvale Academy
Kalimpong

Vision

Rockvale Academy is an institution that recognises the key role that knowledge will play in the social and economic development in the new millennium at the same time recognizing the importance of keeping it's roots firmly in the Indian tradition in creating and sustaining human culture.

Mission

The mission of Rockvale Academy is to strive for excellence in learning and teaching; to realise the creative potential and fire the imagination of all it's students and teachers and to equip it's students to make effective contributions to society and the economy.

Welcome to Rockvale Academy. I am very pleased that you are considering applying to the school and hope that this prospectus will help you to find the answers to most, if not all of your questions about us.

Studying at Rockvale Academy is a most enriching and rewarding experience. Here at Rockvale, not only do you have the multifarious activities of an established school at your disposal, but you are much closer to the surrounding countryside than you might imagine.

Rockvale Academy was established in the year 1984 and is affiliated to the Council for the Indian School Certificate Examination, New Delhi and conducts the ICSE (X) and ISC (XII) examinations.

The school offers boarding facilities to both boys and girls who come from as far as Bangladesh, Thailand, Nepal, Bhutan and neighbouring States, and who in turn, contribute in their own way to the life of the school.

Our student programme, listed in the school calendar, outlines what pupils can expect to be doing while studying at Rockvale Academy. We undertake to give all our students high quality education, good support with learning, practical advice and help in many areas. Top of the list though, is the quality of the students' experience and we all aim to ensure that our students (experience) are the very best.

Senior Block

General Information

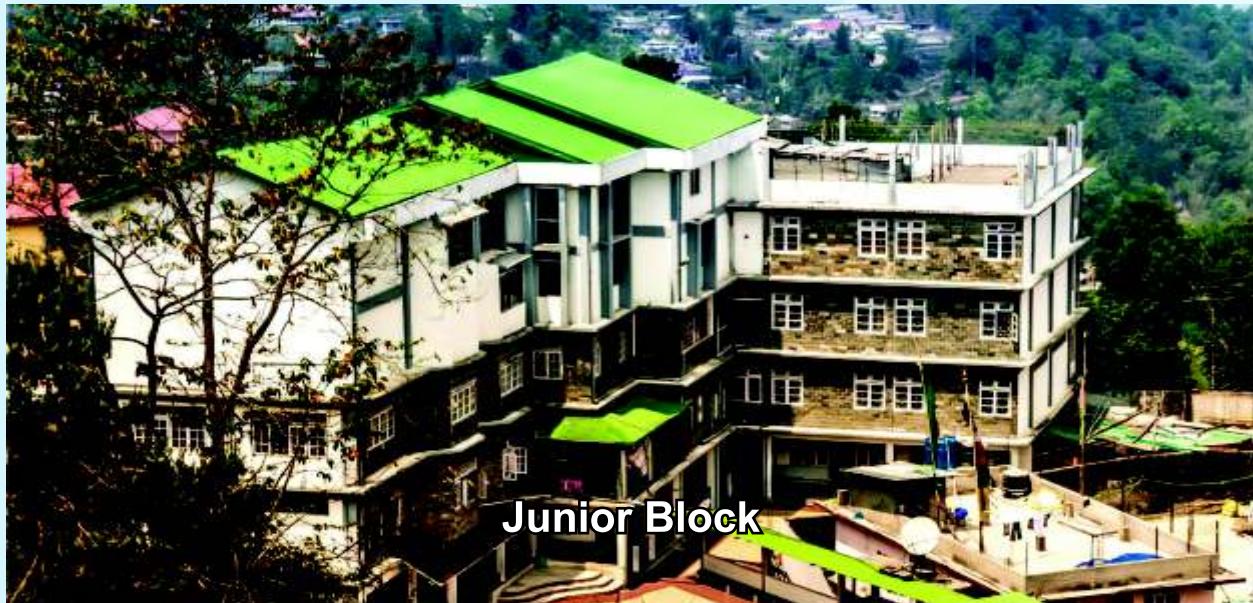

Rockvale Academy, conveniently nestled in picturesque corner of the Kalimpong hills, stands at an altitude of 3000 feet. A pleasant climate adds to the appeal of Kalimpong's scenic beauty in general but Rockvale Academy is even more blessed, as it affords a changing view of the lush green valley below and the breathtaking spectacle of the mighty Himalayas when not shrouded in mist. The very location of the school is ideally suited for the growth and development of children.

“....a wise man builthis house upon a rock; and the rain descended and the floods came and the winds blew and beat upon the house; and it fell not, for it was founded upon a rock.”

This is the overall aim of Rockvale Academy; to give the children attending it a firm, solid foundation, one which will allow them to grow in every aspect.

Education is not a preparation for life. Education is life; children must be exposed to situations which will enable them to fend for themselves, not only in their adult life, but also to contend with the fears and frustrations, the joys and excitements, of their daily lives. Rockvale Academy aims at encouraging a child to develop to his/her fullest extents; morally, spiritually, physically, socially and academically.

The need of Kalimpong is a school that is progressive; Rockvale Academy takes it's responsibility seriously and ensures education in it's totality. Rockvale Academy intends to continue and increase it's efforts to give children a chance to finish with a meritorious 'High School Certificate.'
